BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF SAN ANTONIO:

SECTION 1. Section 35-304 of the Unified Development Code which is Chapter 35 of the City Code and constitutes the comprehensive zoning ordinance of the City of San Antonio is hereby amended so that it shall hereafter include the following described changes of classification and the rezoning of the hereinafter designated property to-wit:

CASE NO. Z2002188

The rezoning and reclassification of property from "C-3 ERZD" Commercial Edwards Recharge Zone District to "MF-25 ERZD" Multi-Family Edwards Recharge Zone District on the property listed as follows:

Parcel P-3, NCB 14867

Provided that the following recommendations of the Aquifer Protection & Evaluation Division of the San Antonio Water System are adhered to:

1. The following shall be submitted to the Aquifer Protection & Evaluation Section of the San Antonio Water System prior to the release of any building permits:
 - A. A WPAP shall be submitted for each particular development/use within the area being considered for re-zoning,
 - B. A set of site specific plans which must have a signed Engineers Seal from the State of Texas,
 - C. A letter from the Texas Commission on Environmental Quality approving each WPAP,
 - D. A copy of the approved WPAP.
2. All stormwater run off from commercial or residential development shall be directed to a stormwater abatement system that shall be approved by the Resource Protection & Compliance Department of the San Antonio Water System prior to the release of any building permits.
3. After the water pollution abatement structure construction is complete and prior to the start of business, the owner shall notify the Resource Protection & Compliance Department (210) 704-1103 to schedule a site inspection.
4. If the water pollution abatement structure fails to drain properly, the owner shall notify the Resource Protection & Compliance Department (210) 704-7392.
5. If applicable, floodplain buffering zones shall be established parallel to all flood plain areas as established in Section 34-913 of the Aquifer Protection Ordinance 81491.
6. All water pollution abatement structures shall be properly maintained and kept free of trash and debris.
7. According to the provisions contained in the Edward Rules 30 TAC, Section 213.5 (b)(5),

the WPAP applicant is responsible for maintaining the permanent water pollution abatement structures and all other BMP'S after construction until such time as the maintenance obligation is either assumed in writing by another entity having ownership or control of the property (such as without limitation, an owner's association, a new property owner or lessee, a district, or municipality) or the ownership of the property is transferred to the entity. Such entity shall then be responsible for maintenance until another entity assumes such obligations in writing.

7. Landscaped areas shall be sensitive to minimizing water needs (i.e. use of native plants). The owner/operator of this development shall be informed in writing about Best Management Practices (BMP) of pesticide and fertilizer application. "Preventing Groundwater Pollution, A Practical Guide To Pest Control", available from the Edwards Aquifer Authority (210) 222-2204), or equivalent information produced by recognized authorities such as the Natural Resource Conservation Service, Texas Department of Agriculture, U.S. Department of Agriculture, etc. shall be used.

8. The owner/applicant of this development shall contact the San Antonio Water System at (210) 704-7259 to obtain information about commercial conservation programs and rebate opportunities.

9. The storage, handling, use and disposal of all over the counter hazardous materials within this development shall be consistent with the labeling of those materials. Failure to comply with the label warnings may constitute a violation of Federal Law.

10. The City of San Antonio shall inspect all future construction of service laterals and sewer mains for proper construction according to State and City Regulations and Code.

11. If any solution openings, caves, sinkholes, or wells are found during the excavation, construction, or blasting, the developer shall notify the Texas Commission on Environmental Quality at (210) 490-3096 and the Resource Protection Division of the San Antonio Water System at (210) 704-7392.

12. The Resource Protection & Compliance Department staff shall have the authority to inspect the site to ensure that the approved recommendations are being strictly adhered to during and after the construction project.

SECTION 2. All other provisions of Chapter 35, as amended, shall remain in full force and effect, including the penalties for violations as made and provided in Section 35 -491.

SECTION 3. The Director of Planning shall change the zoning records and maps in accordance herewith and the same shall be available and open to the public for inspection.

SECTION 4. This ordinance is not severable.
